Forecast For The United Kingdom
Issued by Met Office Exeter
at 1500 on Friday 18 Jun 2021

UK Outlook for Saturday 3 Jul 2021 to Saturday 17 Jul 2021:
Confidence remains low for this period, but it is possible that periods of generally settled conditions will continue, these interspersed with some briefly unsettled spells at times. Most of the rainfall from fronts moving into the country will possibly be over northern parts of the UK. Temperatures will possibly recover closer towards the average for this time of the year, with many areas seeing warm weather.
